MOST EFFECTIVE COMMUNICATION  

TEAM LETTER & SECTION:  

JUDGE NAME:  

TOTAL SCORE: ____________

This judging form will help you assess a team’s poster, project portfolio, and verbal presentation on this scale:  
1: Poor  2: Average  3: Good  4: Exceptional  5: Best in this category

POSTER

The poster should clearly convey the project goals, design and testing process, and the final AEV design. There should be an appropriate balance of written descriptions and visuals. The poster should use professional language, be organized and understandable, and employ clear written and visual communication techniques.

Score: 1 2 3 4 5

Comments:

ONLINE PROJECT PORTFOLIO

The online project portfolio is a well-organized and well-written summary of the AEV project. The portfolio is written in professional language that clearly communicates the project goals, the testing process employed, and explains the final AEV design and features. The portfolio contains a concise summary of each lab activity and explains what was learned from each phase of the project. The portfolio is easy to navigate and understand, with a good mix of visuals and text.

Score: 1 2 3 4 5

Comments:

VERBAL PRESENTATION

The students present the poster and project portfolio in a well-practiced fashion, professionally articulating the project goals, design and testing process, and final product. The students use appropriate terminology and provide logical responses to questions. Overall, the student’s presentation effectively communicates the project goals, design and testing process, and final product.

Score: 1 2 3 4 5
