GP_01 Example
GP_01 Example

Establish reference point off coded plan
Draw both “1” boxes using reference point leaving 1 boundary line (?) to be determined later
GP_01 Example

Start the “2” box outline
Complete the "2" box outline
Start the "3" box outline
Complete the “3” box outline
GP_01 Example

Remove the “extra” line
Verify drawing matches the coded plan with no “extra” lines
