Optional Assignment

Complete SolidWorks Tutorial

- SolidWorks ‘Help’ >> SolidWorks Tutorials >> Getting Started >> Lesson 1: Parts

These tutorials present SolidWorks functionality in an example-based learning format. For details about typographical conventions and how to navigate through these tutorials, see Conventions.

If you are new to the SolidWorks software, familiarize yourself with the tutorials in Getting Started first. For examples of What’s New in SolidWorks for this release, see What’s New Examples. All other tutorials can be completed in any order.

This will be helpful to people who need extra practice with SolidWorks.
