ENGR 1182 | SolidWorks 7: Exploded View and Extracting Drawings
SW07 - OUT of CLASS Assignment

Extracting Drawings:

1. Starting with your assembly drawing of the OSU phone from SW-06, produce an exploded view and extract that view to a drawing. Complete the title block but do not add any dimensions.

2. Use the following settings:
   a. Scale = HALF (1:2)
   b. Standard View = Isometric
   c. Display Style = Shaded With Edges
